

## SKILLS

---

JavaScript, Python, HTML5, CSS3, Git/GitHub, React, Node.js, MongoDB, SQL, Excel

## WORK HISTORY

---

### Whole Foods Associate/Shopper

6/2019 - 3/2020

*Amazon, New York, NY*

- Completed customer orders in a timely manner while ensuring the accuracy and quality of each item
- Communicated with customers to resolve issues related to products or services
- Worked efficiently to consistently meet deadlines and quality goals

### Youth Mapper

7/2016 - 8/2016

*MapsCorps, New York, NY*

- Gathered high quality data on businesses and organizations within the Two Bridges Community and entered it into a database
- Created a presentation with the team to share our findings with community leaders and researchers
- Helped community leaders and researchers determine ways to improve different communities

## PROJECTS

---

### AniDisc

<https://anidisc.onrender.com/>

- Designed a full stack website with a responsive UI that allow users to search and discuss anime
- Developed frontend with React and integrated the JIKAN API to retrieve data on anime
- Implemented secure user login authentication using JWT
- Stored all data on MongoDB and images on the filesystem, along with creating a REST API with Express endpoint routing

### Daily Tenants

<https://dailytenants.onrender.com/>

- Collaborated in a team of 5 to create a web application that allows for easier communication between landlords and tenants, using Express and the EJS templating language
- Implemented user authentication and verification with passport, nodemailer, and OAuth
- Separate views and privileges were created based on the user's role as a landlord or tenant
- Utilize socket.IO to create a real time chat room for tenants and landlords to discuss any type of problems

### Gashapon

<https://exarr00.github.io/Gashapon/>

- Designed a loot box game where users can roll for rewards of varying rarity
- Implemented a pity system that guarantees user will get rewards of higher rarity after rolling a certain amount of time
- Created a history tab to view and filter past rewards, and a tab to purchase the currency that is required for rolling

(\*All application deployed on free tier, may take some time to start up)

## EDUCATION

---

City University of New York, Hunter College, New York, NY  
BA Computer Science

12/2021  
3.6 GPA
